Luv Ka The End Full Movie Download In Hindi 720p HD Print Free Download

The movie has been written and directed by Niyogi Gomantak. It stars Sonu Sood, Siddhant Chaturvedi and Shivin Khanna in lead roles. The movie was produced by Akshay Kumar, Jacky Bhagnani and Nikhil Aditya Singh under the banner of Stride-Rich Creations & Ratna Film Factory and is based on Tishaa's (Shivin Khanna) love story at college with Abhishek (Sonu Sood). The music is composed by Himesh Reshanmiya, while the lyrics have been penned by Sameer. The story is about Tia (Shivin Khanna) and Abhishek (Sonu Sood), who were childhood friends and went on to study in the same college. Tia always longed for a love like that of her parents i.e., a love that can conquer anything and everything. Abhishek fell in love with her, but did not confess his feelings to her due to some misunderstandings from their past. In order to get close to her, he pretends to be someone else named Lalit Thakur, who is also studying in the same college as them. One day, Lalit and Tia became friends and started talking to each other via emails. He slowly starts taking place of Abhishek for her. In the meantime, Abhishek comes to know about this relationship between Tia and Lalit. One fine day, he decides to reveal the truth to Tia. At that time he came to know that she has already fallen in love with Lalit, which makes him more hurt than ever before. Tia's parents get aware of this entire situation along with Abhishek's father (Rajpal Yadav), who decides upon getting them married to each other. Abhishek is heart-broken and leaves from the marriage venue, just to get married to Tia. Some time later, Abhishek gets a job in a foreign country and leaves with his boss. On the way, they get a flat tyre and have to stop by a repair shop. Abhishek knows that he will never see Tia again so he decides to tell her the truth after this incident happens. On the other hand, Tia is in news for winning an award in an online contest for her singing skills. She doesn't know that she has been selected for this award due to Abhishek's efforts from abroad.
